Subject: input for the CAG

Good Morning Cindy/Sandra,

Tom and I have provided updates to the CAG, based on concerns and efforts that states/tribes are currently engaged with respect to pollinator protection. Please see the updates that we are proposing be included in the CAG (p. 11, 48-49, attached). We ask that you copy us when the draft document goes out to the states/tribes for their feedback and input. We are trying to keep a record of OPP activities for all things pollinator.

Also, during the monthly call with the Regions yesterday, a meeting on April 22nd was mentioned to discuss state/tribe comments for the draft CAG. We'd appreciate it if you would include us in that meeting in case there are any comments that we can relate back to the survey data or pollinators in general. We ask the same for the national managers meeting, the one that comes after SFIREG in June, where you intend to go over comments on the 1st draft of the CAG. There was discussion over if this meeting would occur immediately following the SFIREG or if it would occur later in June, please keep us in the loop for the date. Thank you.

Dee
